

Satcom Global Aura VSAT from OCENS

Keep your crew happy and connected while at sea

Enterprise-grade global broadband

The Aura from OCENS enables your “office at sea,” delivering unlimited high-bandwidth Ku-Band services with optional L-Band back-up for global, always-on connectivity. Conduct video conferences, surf the internet, and let your crew keep up with friends and family back home with speeds of 4 Mbps and beyond.

"To anyone who makes their living on the water, the OCENS product is a must."

*- Tom Branshaw,
Owner & Captain, FV Northern Mariner*

- ✓ Conduct real-time business chats, video conferencing, and file sharing between vessels with true commercial-grade VSAT.
- ✓ Offer BYOD for crew access to streaming TV, social media, internet, email, messaging and more.
- ✓ Get real-time monitoring and remote access from shore to vessel.
- ✓ Maintain control over bandwidth and usage and provide separate business and crew networks.
- ✓ Access the OCENS suite of satellite-optimized communication apps.

*Because staying connected
should be easy.*
