## Iridium 9575 Extreme

Iridium Extreme is the toughest handset ever from the only company that offers real global, real mobile, real reliable communications. Engineered with more features and more accessories than any other satellite phone on the market, Iridium Extreme puts more innovative capability — and more ways to connect than ever before — into the hands of people everywhere.

**Standardized:** A highly capable handset needs a highly capable network to empower it. Iridium Extreme is built with the same reliable voice and data capability that Iridium users have come to trust, and backed by the world's only satellite network that commands real global coverage, pole to pole.

**Optimized:** From desert to mountain, jungle to tundra, Iridium Extreme puts more powerful capability into the hands of people, around the world. It has more features and accessories than any other satellite phone. It is the only one with real time tracking via services such as OCENS OTrak service ([www.ocens.com/otrak](http://www.ocens.com/otrak)). It is the only one with GPS-enabled SOS.
