The Customer agrees to use the rental equipment with OCENS's Inmarsat services.

It is Client's responsibility to understand how to use the Equipment and its accessories and to verify that it is operable. Client agrees to pay all rental and shipping charges regardless of Inmarsat coverage or equipment performance in the area of attempted use.

The term of this Agreement begins on the Receive On Date, as shown above, and except as otherwise provided herein, will continue until the equipment is returned to OCENS as noted in the terms of the effective date and return grace period.

SECTION 3 – PAYMENTS & CHARGES

3.1 Rental Charges - Customer agrees to pay rental charges and any other applicable fees **IN ADVANCE** prior to shipment to designated shipping address. A security deposit reserve will be required as security for the return of the equipment in good condition. This deposit is not a charge and Customer agrees to provide such deposit by signing this agreement. The customer will pay an additional daily rental fee of \$15 per day if Equipment is returned beyond the end of the rental period Return On date. Customer's credit card will also be charged the applicable airtime charges plus surcharges & fees that may apply. At customer request, OCENS will present customer with an itemized call detail record for all calls made by the rental phone usually within 30 to 90 days after the end of the rental.

3.2 Security Deposit/Reserve – A charge for a security deposit/reserve may be placed against the Customer's credit card, as stated above, on or before the Receive On date. This deposit may be retained by OCENS and will be applied against Customer's account for payment of rent, airtime or damages to or loss of the Equipment, or any other payment owed to OCENS by Customer. Currently OCENS charges \$500.00 for the Wideye Sabre and \$750.00 for the Hughes HNS-9201 and as a security reserve. Once your account has been finalized and charges paid, any remaining deposit will be credited back to same credit card.

3.3 Airtime Reserve – OCENS shall monitor airtime usage by Customer with this equipment during the term of the rental. Should airtime usage by Customer exceed US\$5,000 in any seven day period, customer grants to OCENS the authority to charge such usage to customer's credit card immediately and, further, to place an additional US\$5000 in reserve, via credit card payment, against future usage. Once your account has been finalized and charges paid, any amount remaining in the airtime reserve will be credited back to same credit card.

3.4 Test and/or Repair Charge – If returned equipment appears broken due to Customer misuse, a test and repair charge of up to \$50.00 may be charged for inspection, testing and minor repairs required to return the Equipment to service. This charge will be payable at the end of this Agreement. If the terminal or any accessory cannot be repaired, the customer will be notified and held responsible for the replacement cost of the terminal specified in this agreement.

3.5 Other Costs – In addition to the applicable equipment rental charge and airtime, the Customer also agrees to pay for any additional equipment selected above. Any and all shipping costs to transport Equipment between the Customer and OCENS or its designated storage location(s) are the responsibility of the Customer.

3.6 Data transmission use & Dropped Calls - Due to the technical nature of data setups and the inherent sophistication of voice and data transmission through a variety of operating systems, OCENS makes no representation as to the success of voice or data calls through the system. Customer agrees that all voice or data call attempts, regardless of ultimate successful transmission and termination, will be paid for. No credit will be given in the event of disputes of this nature. Along with potential incorrect use such as attempted use next to a building or other obstruction, the Inmarsat system has inherent flaws and anomalies that can create dropped calls of either voice or data nature. **Dropped calls will not be credited.**

3.7 Taxes, etc. – Customer will pay directly for any taxes or governmental fees such as use, property, excise, customs duty or other taxes, license fees, assessments, permits or commissioning and registration fees relating to the shipment, activation and rental of the Equipment.
