Additional Services for your Inmarsat Phone

International calling rates apply to voice calls to an Iridium phone. Depending on your cellular or PSTN carrier, these rates can be \$5 to \$10 per minute. VOCO dramatically lowers the cost of these calls and allows you to affordably call any Iridium phone via a local number. Calls to this VOCO local number are automatically

routed to your Iridium phone wherever it is in the world, then billed against your Iridium service at a fixed per minute basis rather than the extreme rates long distance carriers will charge persons attempting to speak with you.

Yes, please add VOCO calling to my Iridium plan for \$10 per month plus calls.

Inmarsat Fleet Broadband Service Agreement

OCENS, Inc. Inmarsat Satellite Services Terms & Agreements

1. Availability of Limited Service: Service is generally available to satellite terminals equipped for this service when within the satellite footprint. Service is furnished to Customer or Customer's authorized user. A telephone number may not appear in more than one terminal. Customer has no property right in such number. OCENS reserves the right to assign, designate, or change such number, when in its sole discretion, such action is reasonably necessary in the conduct of its business.
2. OCENS Service: Customer has contracted to have OCENS provide the service under the terms detailed in this agreement. Inmarsat service is provided via the Inmarsat satellite network. Customer agrees to pay any applicable activation, monthly service, service usage, airtime and/or overage fees, and any applicable taxes thereon. OCENS reserves the right to change rates at any time.
3. Fleet Broadband terminals are capable of making high speed (broadband) Internet connections that can result in significant bills for Satellite airtime if usage is not monitored and controlled. This could result in the network utilizing the terminal to access the Internet. If you have ANY questions about connecting your terminal to a network, contact a computer network specialist.
4. 24 and 48 month terms: Plans extending for 24 or 48 months require a prepay proportional to the value of the pending balance on the contract.
5. 5/0 thru 50/0 plans - Please contact OCENS
6. Airtime Reserve – OCENS shall monitor airtime usage by Customer with this equipment during the term of the use. Should airtime usage by Customer exceed US\$5,000 in any seven day period, customer grants to OCENS the authority to charge such usage to customer's credit card immediately and, further, to place an additional US\$5000 in reserve, via credit card payment, against future usage.
7. SAFETY AT SEA NOTIFICATION: Fleet Broadband terminals are NOT recognized as maritime distress devices, and I understand that they should not be used for "SAFETY AT SEA" purposes.
8. Data Transmission and Dropped Calls: Due to the technical nature of data setups and the inherent sophistication of data transmission through a variety of operating systems, OCENS makes no representation as to the success of data calls through the system. Customer agrees that all data call attempts regardless of ultimate successful transmission and termination will be paid for and no credits will be given in the event of dispute of this nature.
9. Early Termination: Customers terminating their service prior to the completion of the Minimum Term identified on page 2 are responsible for payment of the balance of the monthly fees still pending on the contract. OCENS must receive a request to terminate service before the 25th of the last contracted month. Failure to submit such Termination request prior to the 25th will result in further extension of the contract under the original terms. This Service Agreement cannot be assigned or reassigned without the written consent of OCENS. OCENS reserves the right to terminate the contract at any time during the contract period.
10. Invoicing and Guarantee of Payment of Service: OCENS will invoice customer monthly and bill customer's credit card for minutes or megabytes incurred the month just completed and service access for the ensuing month. Customer understands that they are responsible for ALL AIRTIME CHARGES ASSOCIATED WITH THEIR SERVICE, including but not limited to direct airtime, long distance charges, roaming charges (if applicable) and charges for any Customer-elected, value-added services (when available). Payment must be made in US Dollars.
11. Taxes: The price of the service does not include sales, usage, excise, ad valorem, property, or any other taxes now or hereafter imposed, directly or indirectly, by any governmental authority or agency with respect to the Service. Customer shall pay such taxes directly or reimburse OCENS for any such taxes.
12. Deposits: Mobile Satellite services are granted subject to credit approval by OCENS. OCENS requires the establishment of credit or the ability to pay invoices according to the established terms. Deposits may be required for non-US citizens or customers who do not have established credit. Customers will be notified prior to service activation if a deposit is required. Deposits will be refunded at service or contract termination.
13. Non-Payment/Breach: A late charge of 1 ½ percent per month will be applied to Customers service bills not paid by the due date. This late charge is applicable to the unpaid balance as of the due date. Customer shall pay OCENS all costs, including, without limitation reasonable attorney fees, the fees of any collection agency, and any other costs incurred by OCENS in exercising any of its rights under the Agreement. Should Customer's service be suspended for non-payment; OCENS will charge a decommissioning fee of \$50.00 per terminal for re-activation of the suspended terminal.
14. Contractual Limitations: During the contract period, Customer may change their pricing plan to a higher bundle free of charge but this will renew the 12 month contract period. Moving to a lower pricing plan with fewer included minutes will incur a fee of \$100 and will renew the 12 month contract period.
15. Limitation of Liability: The satellite services provided by OCENS may be temporarily interrupted, delayed or otherwise limited and are not available everywhere in the world. OCENS makes no representation that it can provide uninterrupted service. Licensing: Customer wishing to operate satellite phones while in foreign territories shall be required to obtain any and all licensing or approvals that may be required to operate within that territory. OCENS does not guarantee any authority to radiate from territories other than those allowing trans-border operations of Inmarsat equipment.
18. Governing Law: This contract is governed by the laws of the State of Washington and applicable tariffs.
19. Customer agrees that any legal proceeding commenced by one party against the other, shall be brought in any state or Federal court having jurisdiction within the State of Washington. Both parties submit to such jurisdiction and waive any objection to venue and/or claim of inconvenient forum.
